

## World Autism Awareness Day 2nd April 2016

Jigsaw will once again be helping to raise awareness of autism this year. From 31st March to 5th April, Guildford Cathedral will be lit up blue as part of the international "Light It Up Blue" campaign which calls on iconic buildings around the world to shine a light on autism. In addition, Jigsaw's pupils and clients will be joined by children from local schools in dressing up in their favourite

blue clothes. We will also be visiting local schools to talk to pupils about autism and the work that we do. We are very grateful to all those who are getting involved, including the Dean and Chapter of Guildford Cathedral and PRG Lighting. For more information about how you can get involved in raising awareness of autism give us a call on 01483 279674. ## Jigsaw Run raises over £5,000

High winds didn't deter the 250 runners who limbered up on Dunsfold Park for the fourth annual 10k Jigsaw Run in aid of Jigsaw Trust.

Before setting off, runners took part in a pre-race warm up, led by Rob Dale of Get Fit Boot Camp. The starting pistol was fired by Jigsaw's patron, Kim Robson, presenter on 96.4 Eagle Radio. Run-

ners then had to complete two laps of Dunsfold Park's perimeter road, passing the resident Boeing 747 and crossing the famous Top Gear start/finish line.

The first person past the line was Ben Short with a time of 36mins 15secs and the fastest woman was Debbie Aitken with a time of 44mins 23secs. If you are interested in taking part in the 2016

Jigsaw Run keep an eye on [www.jigsawrun.co.uk](http://www.jigsawrun.co.uk).

In October, Squire's in Milford named Jigsaw as their Charity of the Year 2015-2016. The garden centre is raising awareness of Jigsaw through their charity marketing material, along with ongoing fundraising from events and collection boxes. All donations

from the public will go directly to the charity. As a Christmas treat, pupils from the school were delighted to visit the centre's festive grotto. After snacks, drinks and games, pupils put on their 3D glasses before settling down to watch a special screening of

'Boris in the Winter Forest'. The animated film featured magical special effects, turning the adventure into an enchanting and captivating Christmas experience. Pupils then met Father Christmas himself and were each given a specially selected gift.
