- 1.2 We believe that the prevention of accidents and hazards is a key responsibility for every member of Jigsaw CABAS® School community.
- 1.3 All staff, pupils and their representatives, school governors will contribute to this policy. The policy is based on guidance from the Department for Education (DfE) and the Health and Safety Executive (HSE).

2. Definitions

- 2.2 "The school" and "Jigsaw School" means Jigsaw CABAS® School
- 2.2 "CABAS®" is an acronym for Comprehensive Application of Behaviour Analysis to Schooling
- 2.3 "Staff" or "Staff member" refers to employees, fixed term consultants, bank workers, work experience participants and volunteers
- 2.5 An "accident" is an unplanned, uncontrolled event, which causes, or could cause injury, damage or loss. In most cases accidents can be avoided and it is our intentions to prevent such wherever possible.
- 2.6 An "incident" (including near-miss) is defined as something which happened that could have been dangerous, actions that are deemed as unwanted behaviour, an action which could cause damage, loss or injury. Examples could include:
 - Loss of amenities.
 - Behaviour by a pupil that challenges.

- 5.1 The Director of Education, Deputy Headteacher and Facilities Manager will complete the following risk assessments, as required, in respect of Jigsaw School's services:
- General Work Area Risk Assessment
 - COSHH Risk Assessment
 - Manual Handling Risk Assessment
- 5.2 These Risk Assessments will be reviewed at least annually, or earlier when circumstances warrant. The Director of Education, Deputy Headteacher and Facilities Manager will sign and date updated risk assessments and will ensure that all relevant staff are informed of any changes.

6. Accidents & Incidents

6.1 Reducing Risks

- 6.1.1 Jigsaw aims to reduce the risk of accidents by:
- Undertaking risk assessments for as many foreseeable risks as possible thereby identifying hazards and seeking to reduce or eliminate the risk.
 - Ensuring that the premises are regularly checked and used properly.
 - Training staff and, as to the extent possible, the pupils to be aware of hazards.
 - Encouraging staff and pupils to care about their environment and their colleagues.
 - Training staff to identify and report hazards and risks and encourage pupils to do the same.
 - Appointing a Facilities Manager and a Health and Safety consultant to oversee all health and safety issues.
- 6.1.2 All accidents and incidents should be recorded and reviewed to see if anything can be done to prevent the accident/incident happening again.
- 6.1.3 A First Aid Record is kept by the Facilities Manager in order to monitor and report accident/injury trends to the School Management Team and the Governors.
- ### 6.2 Serious injury or death and how to deal with these events
- 6.2.1 Jigsaw School will notify Ofsted and local child protection/safeguarding children agencies of any serious accident or injury to, or serious illness of, or death of, any child whilst in their care, and act on any advice given.
- 6.2.2 A serious incident is one defined by the guidance contained in 'Reporting of Injuries, Diseases and Dangerous Occurrences regulations (RIDDOR) 1995 – (amended 2012).
- 6.2.3 Notification will be given as soon as is reasonably practical, but within 14 days of the incident occurring.

6.2.4 In addition, the local child protection agency would be notified and any advice given acted upon.

6.3 Requirements for recording incidents:

6.3.1 All accidents and incidents should be recorded in accordance with the Accident & Incident Reporting Procedures.

6.3.2 Jigsaw School as an employer has a duty under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995 (amended 2012) to report certain serious injuries, diseases, and dangerous occurrences directly to the Health and Safety Executive.

6.3.2.1 Any work-related injury, either physical or mental, which results in unfitness for work for more than seven days, is also reportable to the HSE

6.3.2.2 The Accident & Incident Procedure details those events that are reportable under RIDDOR.

- Date, time and place of incident
- Name of the injured person
- Details of the injury
- What First Aid was given
- What happened to the person initially

6.3.5 See Accident & Incident Procedures for further information.

7. First Aid

7.1 Regulations define two levels of certification – a First Aider at Work (FAW) who has completed a three day training session and an Emergency First Aider at Work (EFAW) who has completed a one day training session. Additionally, there are Paediatric First Aiders (PFA) who have received specific training to deal with Early Years pupils.

7.2 Jigsaw School appoints sufficient number of FAWs, EFAWs and PFAs to meet the school's and regulatory needs.

7.3 Approved training for FAW and EFAWs will occur at regular intervals to update qualifications.

7.4 There should always a trained first aider on site at all times, who will deal with minor injuries. Due to the high level of trained EFAW and FAW, the possibility of having no cover would be minimal. In the highly remote instance where an inadequate number of First Aid trained staff are available, the SMT would make decisions on what appropriate actions to take.

7.5 First aid boxes are available at every site and in all company vehicles and portable first aid kits are carried by staff making offsite trips.

7.6 All first aid kits are checked regularly by Admin and a record is kept on the Operations Drive on the server.

7.7 Emergency first aid will be provided by a qualified first aider when one is present.
